

JOURNAL OF SURVEY STATISTICS AND METHODOLOGY

VOLUME 10 / NUMBER 3 / JUNE 2022

Special Issue: Privacy, Confidentiality, and Disclosure Protection

Preface To *JSSAM* Privacy, Confidentiality, and Disclosure Protection
Special Issue
Natalie Shlomo and Anne-Sophie Charest 491

Survey Methodology

In an Era of Enhanced Cybersecurity: The Effect of Disclosing a Third
Party's Role in Confidentiality Pledges on Response Propensity
Cleo Redline and Alfred D. Tuttle 500

Data Privacy Concerns as a Source of Resistance to Complete Mobile
Data Collection Tasks Via a Smartphone App
*Caroline Roberts, Jessica M. E. Herzing, Jimena Sobrino Piazza,
Philip Abbet, and Daniel Gatica-Perez* 518

Protecting the Identity of Participants in Qualitative Research
Joanne Pascale, Joanna Fane Lineback, Nancy Bates, and Paul Beatty 549

Survey Statistics

A Hybrid Covariate Microaggregation Approach for Privacy-Preserving
Logistic Regression
Lamin Juwara and Paramita Saha-Chaudhuri 568

Improving the Utility of Poisson-Distributed, Differentially Private
Synthetic Data Via Prior Predictive Truncation with an Application to
CDC Wonder
Harrison Quick 596

A Semiparametric Multiple Imputation Approach to Fully Synthetic
Data for Complex Surveys
Mandi Yu, Yulei He, and Trivellore E. Raghunathan 618

Differential Privacy and Noisy Confidentiality Concepts for European Population Statistics <i>Fabian Bach</i>	642
Accuracy Gains from Privacy Amplification Through Sampling for Differential Privacy <i>Jingchen Hu, Jörg Drechsler, and Hang J. Kim</i>	688
Private Tabular Survey Data Products through Synthetic Microdata Generation <i>Jingchen Hu, Terrance D. Savitsky, and Matthew R. Williams</i>	720
Differentially Private Synthesis and Sharing of Network Data Via Bayesian Exponential Random Graph Models <i>Fang Liu, Evercita C. Eugenio, Ick Hoon Jin, and Claire Mckay Bowen</i>	753
Bayesian Inference for Estimating Subset Proportions Using Differentially Private Counts <i>Linlin Li and Jerome P. Reiter</i>	785
Nonparametric Differentially Private Confidence Intervals for the Median <i>Jörg Drechsler, Ira Globus-Harris, Audra Mcmillan, Jayshree Sarathy, and Adam Smith</i>	804
Applications	
Incorporating Economic Conditions in Synthetic Microdata for Business Programs <i>Katherine Thompson and Hang Joon Kim</i>	830

For instructions on submitting a manuscript to the Journal of Survey Statistics and Methodology, please see the Instructions to Authors Web site at https://academic.oup.com/jssam/pages/General_Instructions
